WHY PRESTIGE

A method that makes sense.

A clear teaching framework turns a complex skill into practical steps you can learn, repeat and refine.

> THE PRESTIGE APPROACH
>
> You do not have to learn everything at once. First, you understand the full process. Next, you practise each stage. Then, you connect the steps and put your skills to work on real dogs.

THE TWO-WEEK PROGRESSION

01

BUILD YOUR FOUNDATION

Days 1-5: Discover the four-stage roadmap and focus on one stage at a time through demonstrations and guided training.

02

APPLY IT WITH PURPOSE

Days 6-10: Complete a full practice groom, move into real-dog grooming, and demonstrate your skill in a practical exam.

THE OUTCOME

Earn your Bronze Level 1 certification, take your skills into the workforce, and return to Prestige for further training as your goals develop.

YOUR CORE METHOD

Four stages. One roadmap.

Every lesson is organized around the same four steps - building confidence through clarity, repetition and progressively more complete work.

01

THE PERFECT CANVAS

BATHING, DRYING & PREP

Prepare the coat properly with bathing, drying, brush-out, coat assessment and safe salon routines. Quality starts before the haircut.

02

WHERE WE LEARN SPEED

BODY CLIPPER WORK

Build an efficient body-clipping sequence. Learn safe tool handling, blade choices, even finishes and the foundations of productive workflow.

03

THE DETAILED FINISH

BODY SCISSOR WORK

Develop control through scissoring, shaping, blending, balance and finishing techniques that elevate the full groom.

04

A CLEAR, SIMPLE ROADMAP

FACES & PUTTING IT TOGETHER

Learn structured face work, then connect every stage into an understandable, repeatable start-to-finish grooming process.

THE PROCESS

PREP / CLIP / SCISSOR / FACE + FINISH

DAYS 01-05

Week one: learn the system.

First, understand the full roadmap. Then give each individual stage your complete attention.

01

INTRODUCTION | ALL FOUR STAGES

See the full picture

Using fake dog hair, meet the tools and learn how all four stages connect. Explore safe handling, salon setup, and the grooming sequence.

02

STAGE 1 | BATHING, DRYING & PREP

The perfect canvas

Focus on coat preparation: bathing and drying procedures, brush-out, hygiene, product selection and preparing a coat for the work ahead.

03

STAGE 2 | BODY CLIPPER WORK

Where we learn speed

Build clipper control and an efficient body sequence through guided practice: handling, blade selection, safe movements and clean results.

04

STAGE 3 | BODY SCISSOR WORK

The detailed finish

Practise body scissoring, shaping, blending, symmetry and the small details that create a balanced professional finish.

05

STAGE 4 | FACES + THE ROADMAP

Put the pieces together

Focus on faces and expressions, then connect the four stages into one clear sequence you can confidently follow.

YOUR WEEK-ONE GOAL

Know the order. Understand the tools. Practise the techniques. Be ready to complete the entire process.

DAYS 06-10

Week two: bring it to life.

Turn structured practice into supervised, start-to-finish grooming across suitable real dogs.

06

COMPLETE PRACTICE GROOM

From first step to final check

Bring all four stages together on fake dog hair in one complete practice groom, with instructor coaching and feedback.

07

REAL-DOG FULL GROOMING

Your first full workflow

Transition to a suitable real dog and work through the process from start to finish with close instructor guidance.

08

DIFFERENT BREEDS & COATS

Adapt the same roadmap

Practise complete grooms on different breeds and coat types as available; learn how to adjust tools and techniques to each dog.

09

REPETITION & REFINEMENT

Build consistency

Repeat full grooms while strengthening safe handling, sequence, confidence, finishing quality and efficient workflow.

10
